1. About RiskTech Insurance Brokers Limited

RiskTech Insurance Brokers Limited is a Limited Liability Company duly registered with the Corporate Affairs Commission (CAC) in July 2024, with Registration Number RC: 7685222. Licensed by the National Insurance Commission (NAICOM) under Licence No. 1271 (valid 20/04/2026 – 19/04/2031), the company was established to provide professional insurance brokerage services to individuals and businesses across Nigeria and internationally.

With an authorized share capital of ₦5,000,000 and a professional indemnity insurance cover of ₦10,000,000, RiskTech is fully capitalized and compliant with the requirements of the Insurance Act 2003. As a proud member of the Nigerian Council of Registered Insurance Brokers (NCRIB), we uphold the highest standards of professional conduct and ethical practice.

Our company's major business is insurance broking, providing quality, effective and personalized service to insurance buyers across all sectors of the economy. Our duty is to provide tailor-made insurance policies by negotiating with insurance companies on reasonable rates, flexible terms and conditions, enabling clients to pay as little as possible for the best available cover.

RiskTech serves clients locally and internationally, operating on a 24/7 basis to ensure our clients have access to expert advice and support whenever they need it. We believe in using technology to enhance service delivery and streamline operations, ensuring efficiency and cost-effectiveness in everything we do.

9. Claims Administration Process

At RiskTech, we understand that a claim is the moment of truth, the ultimate test of insurance value. Our dedicated claims team manages the entire process on behalf of our clients, ensuring fair, prompt, and professional settlement.

STEP 1	Notification	Upon notification of a loss, our team immediately notifies the underwriter and provides the client with a claims form. We review the claim against the policy to verify coverage, insured perils, and premium payment status.
STEP 2	Registration	The underwriter registers the claim upon receipt of the notification and assigns a reference number, which is communicated to the broker and client for tracking purposes.
STEP 3	Documentation	Our team compiles and submits all required documentation for each class of insurance claim, ensuring completeness and accuracy to avoid delays in processing.
STEP 4	Assessment	We liaise with loss adjusters and surveyors as required, reviewing their reports and advocating for fair assessment of the client's loss or damage.
STEP 5	Follow-Up	We actively follow up with insurers to ensure prompt processing, escalating where necessary and keeping the client informed at every stage of the process.
STEP 6	Settlement	Upon approval, we verify the settlement offer, negotiate where appropriate, and facilitate prompt payment to the client, ensuring they receive their rightful compensation.

BROKER'S PROFESSIONAL OBLIGATIONS

As a NAICOM-licensed insurance broker, RiskTech undertakes the responsibility of advising, recommending, and arranging insurance cover. We are assumed in law to have the necessary professional and technical knowledge of relevant insurance classes. Our brokers are expected to act with skill, care, and diligence consistent with the highest conduct standards of the profession.

We are legally and professionally obligated to provide impartial advice to our clients on appropriate insurance covers and premiums. We place our clients' interests first in all dealings, utilizing our market position to secure the best possible terms on their behalf. All our operations are fully compliant with the Insurance Act 2003 and NAICOM's regulatory framework.

10. Leadership Profiles

turning businesses around for higher productivity and profitability is a critical asset as RiskTech scales its operations and market presence.

Olowosuna Fathiu Olatubosun

Head of Information Technology

Olowosuna Fathiu Olatubosun is a technology professional based in Lagos, Nigeria. He works across web development, mobile apps, cybersecurity, and digital product design.

As Head of IT, Fathiu built and manages RiskTech's entire digital presence. He designed and developed the company website from scratch, a multi-page application with smart quote forms, claims submission, email integration, security features, and downloadable company documents.

His vision is simple: every serious financial services company should have solid digital infrastructure. He is working to make RiskTech's online presence one that genuinely serves clients and builds trust.

Beyond just writing code, Fathiu pays close attention to how things look and feel, making sure RiskTech's digital presence reflects the company's professionalism. He continues to work on mobile apps, marketing materials, and automation tools for the company.

11. Our Technology & Digital Strategy

RiskTech is committed to using technology to serve clients better. We believe that having good digital tools is no longer optional for any serious insurance firm.

Professional Web Platform	Our custom-built website serves as a 24/7 digital branch, allowing clients to explore all 30+ insurance products, request quotes, submit claims, and download our company profile, all from any device, anywhere in the world.
Smart Quote System	Our intelligent quote form pre-populates insurance type based on client selection and dynamically displays relevant fields for each product category, from vehicle details for motor insurance to cargo specifications for marine cover, creating a seamless, professional user experience.
Automated Claims Processing	Clients can submit claims online through our dedicated claims portal, with automatic email notifications sent to our claims team for immediate follow-up, ensuring no claim is delayed or missed.
EmailJS Integration	All client enquiries and claim notifications are automatically routed to the company inbox in real time, ensuring every lead is captured and every client receives a prompt response.
Security Architecture	Our digital infrastructure incorporates input sanitization, honeypot anti-spam protection, rate limiting, file-type validation, and upload size controls, protecting both the company and its clients from digital threats.
Mobile-First Design	All digital platforms are built with a mobile-first approach, ensuring a seamless experience across smartphones, tablets, and desktop computers, critical for reaching Nigeria's predominantly mobile internet users.
SEO & Digital Visibility	Our website is optimized for search engines with canonical tags, Open Graph metadata, and fast Vite build configurations, ensuring RiskTech is discoverable by clients searching for insurance solutions online.
Future Digital Roadmap	RiskTech's technology roadmap includes mobile application development, CRM system integration, client portal development, and digital marketing automation, positioning the company as a true InsurTech pioneer in the Nigerian market.

12. Marketing & Business Strategy

Target Market

RiskTech's target market spans all sectors of the Nigerian economy and beyond. Our client base includes individuals, small and medium enterprises (SMEs), large corporations, government agencies, and international organizations operating in Nigeria. Our market is strategically divided into three regions, Head Office (Lagos), North, and South, for effective research and service delivery.

MARKETING CHANNELS & TOOLS

Digital Marketing Active presence on LinkedIn, Instagram, Facebook, and Twitter with regular posts on services, client testimonials, insurance tips, and industry news. Targeted paid social media advertising and search engine marketing to reach specific demographics.

Professional Materials Professionally designed brochures, proposals, leaflets, company profiles, and marketing presentations. Application letters accompanied by board/management profiles and tailored insurance proposals sent to targeted individuals and organizations.

Networking & Partnerships Active participation in industry conferences, seminars, and networking events. Strategic partnerships with businesses, professional associations, and community organizations to build trust, credibility, and mutual referral networks.

Referral Programme A structured incentive programme that rewards existing clients for referring new clients. Partnership agreements with complementary businesses for mutual referrals and co-marketing opportunities.

Digital Presence A fully optimized professional website serving as a 24/7 marketing tool, showcasing all products, generating quote requests, and converting visitors into clients through seamless user experience design.

Media & PR Coordinated publicity in newspapers, magazines, and online media to enhance visibility. Industry seminars, webinars, and thought leadership content to establish RiskTech as a credible authority in insurance brokerage.

PRICING & FINANCIAL POLICY

Insurance transactions at RiskTech operate on a 'No Premium, No Cover' basis. We ensure our clients pay the most reasonable premium possible for the maximum available cover, ensuring they

are fully compensated in the event of any mishap.

Our pricing policy conforms to the Insurance Act 2003, the NAICOM code of conduct, and the ethics of the profession. An average commission of 15% is earned on gross premium per placement. Investment income is expected to be earned on funds held in fixed deposits at competitive rates. All financial operations are managed with strict internal controls and full regulatory compliance.

13. Workforce, Culture & Human Capital

At RiskTech, our people are everything. The quality of our team directly affects the quality of service our clients get, and we take that seriously.

OUR PEOPLE PHILOSOPHY

Talent Acquisition

We recruit young, dynamic, highly motivated, and professionally trained individuals who demonstrate not only technical competence but also the personal values of integrity, diligence, and client-centricity that define the RiskTech brand.
